

DTC DISCREET PATCH PANEL ANGLED

DESCRIPTION

With 180° modular design, empty 24-port patch panel matches the installation of different kinds of modular jacks, comply with Gigabit Ethernet applications, suitable for interaction and termination of horizontal cabling between devices, equipment and centralized points, fit for 19 inch equipment racks and cabinets

APPLICATION

- Unique exterior Design, simple & compact
- High strength die-casted zinc alloy shielding design meets the industry shielding standards
- Solid and easy installation design saves installation and operation cost
- Be compatible with 19 inch equipment racks, cabinets, and wallmount shelf
- Unique PCB circuit board design reduces EMI / RFI interference, low attenuation loss and high return loss
- Solid and corrosion phosphor bronze DC ensures over 250 terminations
- Termination Caps prevent wire from dopping off
- Comply with ergonomic principle and termination-free design
- The Patch Panel available for any type of standard jack Cat.5e, Cat.6, Cat.6a
- Space saving, high-density 1U (24 port)
